

View and update your SAP Solution Manager certificate

- Release version: Australia
-
- Updated March 12, 2026
-
- ⌚ 1 minute to read

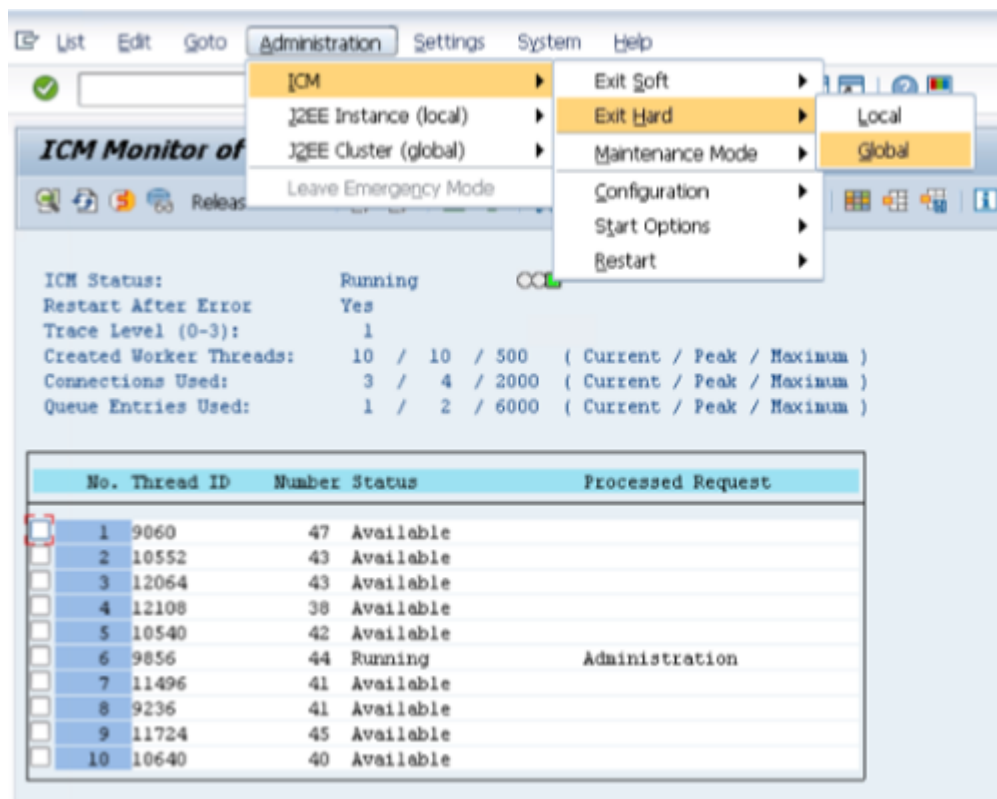

View your SAP Solution Manager certificate, and update the certificate if necessary.

Before you begin

Role required: evt_mgmt_admin

Procedure

1. Connect to SAP on client 00.
2. Enter the `strust` transaction.
3. In the Trust Manager UI, open the SSL client.
4. Import the SSL certificate and save it.
5. Use the `smicm` transaction to enable the system to work with both HTTP and HTTPS clients.
6. Navigate to Administration > ICM > Exit Hard > Global.

The ICM module restarts.
