

Rename a list in Service Operations Workspace for ITOM

- Release version: Australia
-
- Updated May 5, 2026
-
- ⌚ 1 minute to read

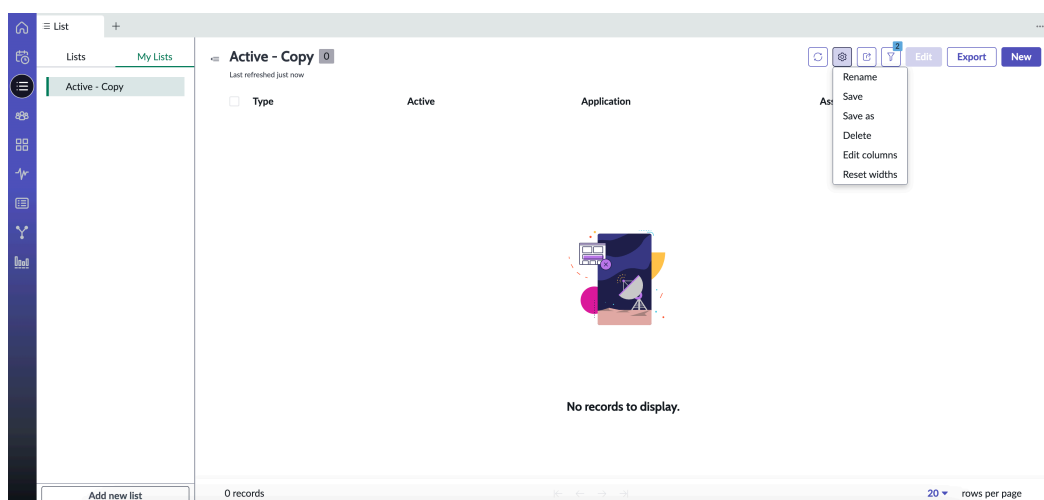

Rename a list to better reflect its content or purpose. This customization allows operators to align list names with their workflow terminology, improving clarity and usability.

Before you begin

Role required: itil

Procedure

1. Navigate to Workspaces > Service Operations Workspace.
2. From the navigation bar, select the List icon: .
3. Select the My Lists tab.
4. Select the list you wish to rename.
5. Select the settings icon () and then select Rename.

6. In the Rename pop-up window, in the Title field, rename the name of the list and select Save.

The list is renamed.
